PROFESSOR WOOD OFFERS FOR SALE
A PERFECT HAIR RESTORATIVE. It will in a short
time cause the hair to grow again, even if permanently
lost. It is original color—bring it out where it is gray, and
it is where it is falling off—clean the head of the dandruff
and itching humors, cure the scabulous eruptions, and
renders the scalp perfectly healthy by its secret action
under the scalp, bringing vigor and strength, and thus
supply nutriment and coloring matter to it. It does not
discolor the hair, but restores its original color. It is
Tonic—in proof of which we will select from among
the mass the following Certificates, viz:—

acquired its wonderful effect. My hair has become, I thought, prematurely gray, but by the use of his "Heavenly Hair" has resumed its original color. I have no doubt, permanently so.

SIDNEY BRESLER,
Ex-Senator United States.

VINCENNES, Ind., June 16, 1855.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered "Heavenly Hair" I am writing you a few lines, may I say, that I have used it and know others to use it, and have for several years been in the habit of using it. I am, I need hardly say, a person of advanced age, and I feel sure you will find yours vastly superior to any other I know of. It entirely restores the color of the hair, and with one month's proper use, will restore any man's hair to the original youthful color and texture of his youth. I have used it on my wife's hair, and without discoloring it, or her hands which apply it, or the skin on which it drops. I would, therefore, recommend it to every one desirous of having a fine color and texture to their hair.

St. Louis, June 29, 1855.

I request my opinion of it, I will state that my hair was
renewed since, very gray, and after using two bottles
of the scalp, the hair has become of its natural color;
and its application all dandruff has disappeared from my
head, and I have been troubled with no disagreeable itching
or redness of the scalp. I would advise those who use it with
a regret that it gives the hair not only its natural color,
it gives it the appearance of having been recently oiled
and prepared, therefore, to recommend its use to all who
are desirous of having a beautiful hair.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of
your Hair Restorative, and have found its effects very sat-
isfactory. It has entirely destroyed all dandruff from my
head, and has brought my hair to its natural color, which
had become quite gray.

toorrow, in my great astonishment, that my friend
for which, when I last saw him before, was very gray, had
the original color, the original color, the original color,
glossy appearance as it had when I was
young.
I am commenced using the Hevea
and, am perfectly convinced that it will produce the
desired effect, it having restored the ~~original color~~ ^{original color}, more

Dear Wood—Dear Sir: Since you received the
statement of the effects of your wonderful Restorative
Remedy, I cheerfully state, in reply, that I have now used
the Restorative Remedy for some time, and I can

months use it had returned precisely to its original color
and appearance.

what they considered a perfect miracle, until I informed them it was but the result of an act in caution of yours called to mind. I have been told that you have been afflicted with dandruff and itching, particularly when in perspiration, but it only required three or four applications to the scalp of the hair oil, and you would be free from the ailment of which I was somewhat bad, I now have as fine hair as I had, both in color, softness and lustre, as I had before. I am sure you will be so convinced, it is proper for me to state that I commenced the use of your hair oil about one month since January. I have no doubt therefore but that the change is a permanent one. I can therefore recommend the use of the most wonderful hair oil ever made in this world.
